# Fixing and funding our transportation infrastructure

Stanley A. Twardy Jr. wrote an op-ed,"Fixing and funding our transportation infrastructure," for *The Stamford Advocate*, *Greenwich Time*, *Connecticut Post* and *The News-Times in Danbury*. Twardy expresses that while he has differences of opinion with Gov. Dannel Malloy, he is supportive of the findings of a non-partisan Panel that has made recommendations for funding the Governor's proposed $100 billion, 30-year transportation investment program for Connecticut.
