Day Pitney Recognized by WealthBriefing at WealthTech Americas Awards 2025

February 20, 2025 – Day Pitney is proud to announce that the firm's Family Office practice was recognized at the *WealthBriefing* WealthTech Americas Awards 2025 in the category of “Thought Leadership.” *WealthBriefing*, a global subscriber-based newswire, has been a leading publication in the family office and wealth management sector for almost 20 years. The WealthTech Awards, now in their fourth year, celebrate the achievements of the wealth management, private client, and niche family office sectors.

Day Pitney's Family Office thought leadership was recognized for its comprehensive and dynamic approach, offering family offices unparalleled insights into investment strategies, tax and estate planning, governance, leadership succession, and risk management. Going beyond traditional thought leadership, the Family Office practice at Day Pitney uses a multi-faceted approach to educate and bring together family office principals, executives, constituents, and their advisors through events, newsletters, articles, and presentations. Using a wide range of topics from cybersecurity for family offices to wellness-driven legacy planning, the Family Office team seeks to empower family offices to navigate evolving challenges, while helping them foster a culture of innovation and informed decision-making. In 2024, the firm issued a white paper for family offices using proprietary data collected at Day Pitney's annual Palm Beach Family Office Forum.

“Day Pitney is honored to be recognized for all of our efforts to share information and bring members of the dynamic and growing family office community together,” commented R. Scott Beach, chair of the Day Pitney Family Office practice. “This award highlights our commitment to providing our clients with a holistic and forward-thinking approach that goes beyond the delivery of traditional legal services. By fostering a vibrant family office ecosystem where thought leadership is a cornerstone, we aim to empower our clients to navigate complex challenges and seize opportunities with forethought and confidence.”

According to the organization, the awards program honors WealthTech companies servicing the North American and Latin American family office and wealth management industry. The judging process was guided and assisted by a panel of independent experts, each of whom has been actively involved in the family office and wealth management industry for many years and has an in-depth knowledge of the WealthTech sector.
