Day Pitney Client Matheny Medical and Educational Center Files Discrimination Suit Against Peapack-Gladstone Borough Council

Day Pitney partner Christopher John Stracco is representing Matheny Medical and Educational Center in its federal lawsuit against Peapack-Gladstone Borough Council and Land Use Board. The suit, which was filed on Nov. 8, 2013, in U.S. District Court of New Jersey, alleges that the borough, in rejecting Matheny's application to expand its center for the disabled, "acted in a discriminatory, oppressive and unlawful manner" in violation of the Federal Civil Rights Act of 1964. *The Bernadsville News* published an article discussing the suit.
